### Mandatory Generic Program

The Plan requires that pharmacies dispense Generic Drugs when available. Should a Covered Person choose a Brand Name Drug rather than the Generic equivalent, the Covered Person will be responsible for the cost difference between the Generic and Brand Name Drug, even if a DAW (Dispense As Written) is written by the prescribing Physician. The cost difference is not covered by the Plan and will not accumulate toward your Out-of-Pocket Maximum.

### Mandatory Mail Order Program

This plan will allow maintenance medications to be filled at retail in 30 day quantities only. For members who would like to purchase a 90 day supply of maintenance medications, the mail order option must be chosen, which could result in additional cost savings.

**Preventive Drug** means items which have been identified by the U.S. Department of Health and Human Services (HHS) as a preventive service. You may view the guidelines established by HHS by visiting the following website:
